## **Cartus Wins Three Asia EMMA Awards and is Named Relocation Management Company of the Year for Second Straight Year**

**SINGAPORE (September 13, 2013)** — [Cartus Corporation](#), a leading provider of global relocation services, received three awards at the Asian Expatriate Management and Mobility Awards (EMMAs) held September 11 in Singapore at the Grand Copthorne Waterfront Hotel. Cartus received the Best Vendor Partnership Award with its client Procter & Gamble (P&G); the Most Innovative Use of Technology in Global Mobility Award; and Relocation Management Company of the Year Award, for the second successive year.

Hosted by the Forum for Expatriate Management (FEM), the EMMAs celebrate excellence in relocation management and recognize business achievements and rising stars in the industry.

Kenneth Kwek, senior vice president and general manager of Cartus Asia Pacific operations said, "We are truly proud to be awarded such prestigious industry accolades from a strong group of finalists. Winning these awards affirms our continual dedication to be the best relocation management company in the industry, with best-in-class technology, processes and service excellence."

In particular, the Best Vendor Partnership Award recognized the company's longstanding client relationship with P&G, demonstrating how two organizations can exceed all expectations in delivering excellence in the largest outsourced mobility program of its kind.

The Most Innovative Use of Technology in Global Mobility Award recognized Cartus' comprehensive technology platform—ATLAS, CartusOnline<sup>SM</sup> and CartusMobile<sup>SM</sup>—which link all aspects of service delivery for clients and their transferring employees. From contracting and implementation, through billing and finance, all are linked via the innovative Cartus technology platform.

The Relocation Management Company of the Year Award recognized Cartus' ability to manage the mobility challenges in emerging markets using the company's extensive knowledge base to provide accurate and valuable guidance to clients and transferring employees and families. Cartus also won this award in 2012.

The awards are independently judged by a panel of some of the most experienced and respected global mobility professionals from various industries and leading companies.
